Ananya Kumar

Software Engineer at ETON SOLUTIONS PVT. LTD
Karnataka, India

Summary

Highly motivated and skilled Frontend Engineer with 3+ years
of experience in designing, developing, and scaling enterprise-
grade web applications. Proven ability to lead complex projects
and deliver high-quality, maintainable code. Expertise in front-end
development using Angular and React, with a strong understanding
of modern web technologies. Adept at creating reusable UI
components and optimizing UI/UX for enhanced user engagement
and accessibility. Proficient in integrating RESTful APIs and
implementing comprehensive unit tests. Experienced in code
refactoring, performance optimization, and resolving security
vulnerabilities. Passionate about mentorship, code review, and
continuous learning to stay ahead of evolving web development best
practices.
Holds learning certifications in RESTful API Development, LLM
Engineering, and Mobile Application Development.
Have proficiency in JavaScript, TypeScript, Git, and Microsoft Azure.
